

That Article IV, section 2, point A (Membership criteria) be modified to read:

A group is defined as any two (2) or more persons meeting together who practice the Twelve Steps and Twelve Traditions of CLA, use CLA materials in their meetings and have no other affiliation as a group.

CLA materials are composed of CLA Fellowship-approved literature (including all of A.A. literature), as well as literature or materials produced by individual CLA members, CLA groups, CLA intergroups or CLA WSO Committees intended for use in CLA.
